

# ROAD STEAMER

Road-STEAMer aims to create a **STEAM** roadmap:

SCIENCE

TECHNOLOGY

ENGINEERING

ARTS

MATHS

We are happy to invite you to a Road-STEAMer co-creation workshop aiming to identify policy gaps for the promotion of STEAM education. To complement our ongoing analysis of relevant policies in Europe, we would like to gather your feedback and listen to your views, as well as those of other practitioners from across Europe with experience in STEAM education and/or other relevant educational initiatives. We hope that you will be able to join us and in this way help us make your voice heard in future European policy making for STEAM education.

**Goal :** Identify policy gaps for the promotion of STEAM education, gathering stakeholders' feedback and views.

**When :** Date: 27/6/24 Time: 14:00 CET Join workshop: [Here](#)

**RSVP :** Please let us know if you can attend by replying to this registration form by 23/6/24

Road-STEAMer strives to reach out to crucial stakeholders through various co-creation and engagement activities and have their voices represented in its results.

**1500**  
Total stakeholders

## Workshop Details

### Agenda

#### Introduction :

Welcome and objectives

#### Gap Analysis Exercise :

Discussions to identify gaps in STEAM education policies

Presentation of findings and suggestions :

Open discussion for additional insights

#### Closing Remarks :

Summary of key points

### Collaboration

Collaboration and co-creation with the stakeholder communities of science education, research, innovation and creativity, through intensive exchange, dialogue and mutual learning among them which will produce better knowledge and shared understandings of the relevant opportunities, challenges and needs.

A specific focus on ways to leverage the power of STEAM approaches, as manifested through exemplary cases and best practices, so as to enable a bridging of open science and open schooling which can catalyze an increased impact for science education as a crucial tool for addressing Europe's current scientific and societal challenges.
