

2nd Road-STEAMer Policy Brief

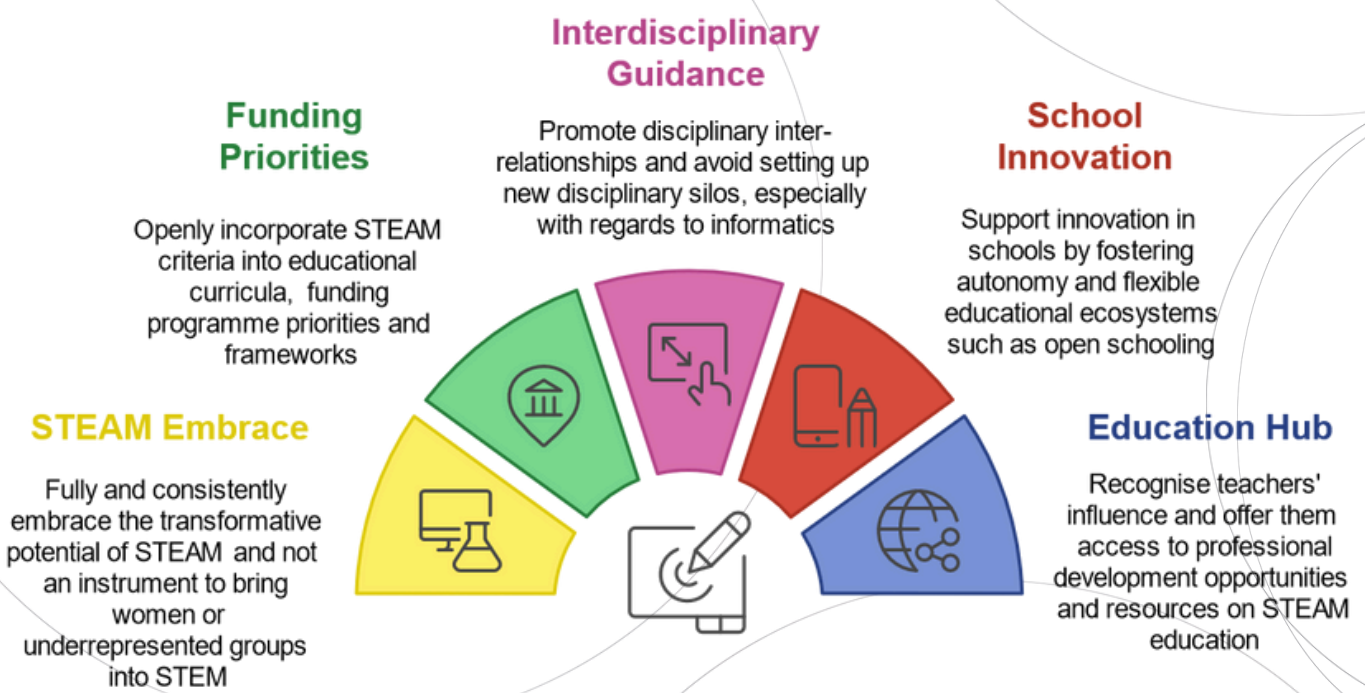

Time for Bold Choices: A STEAM Future for Digital Education

Education — and digital education in particular — has much to gain from embracing **STEAM** approaches. It should move beyond disciplinary boundaries and strive for “future-making”. That's why **it's time for bold choices**: If business-as-usual is no longer viable, we should rule out education-as-usual, too. We need education for the future.
